CANDIDATES MAKE THEIR LAST PRE-ELECTION STATEMENTS

Read Daily News Election Returns At Sixth and Macdonald This Evening

THIS IS HOW THEY FIGURE IT ALL OUT

At a late hour last night the Daily News obtained eleventh hour statements from all of the county and first district candidates. All of them declared their absolute confidence of winning.

Following is their statements and how they "dope" it out:

Michael Iversen, Socialist candidate for the Assembly: "I believe that I shall carry Richmond by a good margin. The working men are with me. Through the county I found that there was almost a general feeling of dissatisfaction with the old parties. I believe that I will win."

Attorney C. A. Clark, candidate for Superior Judge: "I believe that Richmond will appreciate the fact that it should be represented by one judge on the Superior bench, and I therefore expect an overwhelming majority in my home town, which will safely carry me over a few doubtful precincts up county. However, I have thoroughly canvassed the up-county and I am sure that I will, as a whole, carry them also. For the past few days I have been confined to my house by sickness and have been unable to put the finishing touches on my campaign, but I know the voters throughout the county will remember me at the polls today."

Attorney A. B. McKenzie, candidate for Superior Judge: "Up county I am sure of carrying and I am sure that my fair, square and clean campaign in and about Richmond will carry this town for me. My past record as district attorney will serve me as an efficient vote getter."

Zeb Knott, candidate for supervisor, First district: "I am confident of carrying Richmond by an overwhelming majority, and I believe that Stege and Pinole will also register majorities for me. I am sure that I will win."

T. D. Johnston, candidate for district attorney: "Richmond clearly showed its preference for me at the primary election and I will undoubtedly carry it by an even greater majority today. As to the up-county, I have canvassed it well and my friends insure me that I will carry nearly all of the precincts there."

Ralph E. Arnold, candidate for county surveyor: "I have had dealings with the people of Contra Costa county for years past, and I am confident that the friends I have made will support me at the polls today. My work of surveying throughout the county is my best recommendation."

E. E. Grow, candidate for county surveyor: "I know that I will carry Richmond by at least 500 votes. Up county they will break even for me."

Claire D. Horner, candidate for the Assembly: "I will carry Richmond by an eight hundred majority, and will break even in Martinez."

Will R. Sharkey, candidate for the Assembly: "I expect to carry this city by 500 plurality. In the county I will win by more than 1800 over my two opponents."

Warren McBryde, candidate for supervisor First district: "I have nothing to say."

Judge R. H. Latimer, candidate for Superior Judge: "I carried about 80 per cent of the primary vote, so I am confident of winning."

Leo F. Tormey, candidate for Superior Judge: "My home town will go solid for me, so that my even break in the rest of the county makes me a sure winner."

A. J. Soto, candidate for district attorney: "San Ramon valley country will give me a large majority, as will Martinez. I will break even in Richmond."

MICHAEL IVERSON

Michael Iversen, Socialist candidate for the Assembly is the workers' candidate.

He has absolutely put himself on record as a supporter of organized labor.

labor. He is a working man himself. He is the only one of the three candidates that dared to answer the questions of organized labor.

He should be elected. Vote for him.

CARRILLO WAS NOT REMOVED

A flat denial of the report that E. J. Carrillo was removed as superintendent of construction work on the municipal tunnel was made Monday by H. Shattuck of the Shattuck-Edinger Contracting Company.

The report was published in a morning paper, which alleged incompetency on the part of Carrillo.

Shattuck declared the report had no foundation in fact. Carrillo left town for a few days on business. The work is temporarily in charge of Jack Welsh, who directed the boring of the Oakland-Antioch tunnel near Walnut Creek.

PROPOSED LAW IS LAID OVER

The proposed ordinance regulating the conduct of detectives, drafted by the Building Trades Council, was laid over one week by the council last night.

When the motion was made that the matter be left over for one more week, Mayor Garrard said:

"Better take a year. I will entertain a motion to lay it over for a year."

COUNCILMEN TO TOUR THE CITY

The councilmen making up the street committee and the city engineer will make a trip over the city to investigate proposed street improvement.

Councilman Follett declared last night that he had a list of requests a mile long for street improvement.

SOTO HAS MADE A DEAL WITH M. & M. DEFEAT HIM TODAY

If Soto is elected district attorney, A. F. Bray, son-in-law of Sheriff Veale, gets the third deputy district attorneyship.

The Merchants, Manufacturers and Employers' Association, employers of J. P. Emerson, confessed dynamiter, are spending money to elect Soto.

Do you know why?

Because Bray is at present attorney for Emerson. If Soto is elected we'll never hear any more about the higher-ups in the Emerson case. The M. M. & E. will just about run the office of district attorney.

The union-smashers aren't spending their money because they feel generous. They aren't spending money to help you, Mr. Workingman.

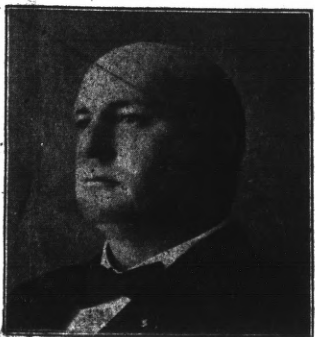

They are spending it to KILL THE EMERSON CASE.

A number of eminent gentlemen are scrambling to save their hides. Emerson incriminated Brokaw, manager of the Stockton M. M. & E. in his first confession, which was corroborated by other gunmen in Stockton. After he had made that confession Brokaw and Bray had a conference with him, and Emerson changed his confession.

Bray is the son-in-law of Sheriff Veale, who let Emerson go after his first arrest. IF SOTO IS ELECTED AND BRAY BECOMES CHIEF DEPUTY HOW MUCH EVIDENCE DO YOU THINK WILL BE GATHERED AGAINST EMERSON'S EMPLOYERS?

Workers of Contra Costa county, defeat Soto. He is the choice of the M. M. & E.

VOTE FOR C. CLARK

Judge C. A. Clark, candidate for the Superior judgeship, is a capable lawyer of long experience. He is a dignified and scholarly gentleman and has made a host of friends. He has handled problems from all classes before the bar. He is admirably fitted for election to the bench.

His campaign has been conducted in a modest and effectual manner. He should be elected today.

PAIR ARRESTED AT PITTSBURG

Natalie Tossamento and Giuseppe De Martino are in jail at Martinez, accused of shooting G. Solman, near Pittsburg, the night of September 28. They were captured Monday by Constable Palmer of Martinez after he had fired at them when they refused to obey his order to surrender. They were preparing to board an electric train at Bay Point when discovered by Palmer.

Solman is in a hospital at Martinez and will recover. Friends of the captured men obtained their release last night on bonds of \$4000 each.

READ LATEST REPORTS ON OUR CURTAIN

You are invited to attend the Daily News open air election party tonight at Sixth and Macdonald. Election returns will be flashed on the screen from the county precincts and from California and all the nation by the Associated Press.

The Daily News is the only paper in this city that will have this service, which is the most complete and the most accurate in the world.

The curtain will be hung over Philpott's shoe store and the slides will be flashed onto it from the windows of T. D. Johnston's office.

On account of the long ballot an attempt will be made to get the results on the eight-hour law, prohibition and the heads of the various tickets before an attempt will be made to get the less important results.

Tomorrow morning the Daily News will carry THE MOST COMPLETE RETURNS. Special arrangements have been made to set the very latest reports into type in time to get the paper into the homes at the regular time.

Be sure to get Wednesday's paper and be sure to be the guest of the Daily News tonight at Sixth and Macdonald.

JOHNSTON CLOSES CAMPAIGN WITH A ROUSING RALLY

T. D. Johnston closed his campaign last night with an open air speech to a large crowd at Seventh and Macdonald.

"I owe no obligations to any special interests," he declared, "and there are no strings on me. I will fill the office of district attorney honestly and to the interests of the whole people."

"My vote on several bills has been criticised. I voted on 117 bills and my vote on only five is criticised. On one bill I voted no, because I thought it would hurt a California industry. On the other, the compensation act, I was absent unavoidably on special committee business."

"I haven't spent a cent on my campaign and I owe no one for the fight I have made."

"The county ring is fighting me tooth and nail, but I know that the people of Richmond will go to the polls today, and by casting a vote for me make their protest against ring politics."

REPUDIATES AN ATTACK ON GOV.

An open letter by Thomas McConnell, former president of the Shipwrights' Association, breathing defamatory charges against Governor Hiram W. Johnson, has been repudiated by the Shipwrights' Association, which says: "Although the shipwrights are not permitted under their laws to endorse political candidates, the shipwrights, as a body, favor the re-election of Governor Johnson and repudiate the open letter to Governor Johnson, breathing defamatory charges, written by Thomas McConnell, who signs himself a former president of the Shipwrights' Association."

THE REAL ISSUES.

Tomorrow the voters of California will decide whether or not the administration of Hiram W. Johnson has been satisfactory. It is a practical certainty that the governor will be returned to office by an overwhelming vote.

Fredericks has given no good reasons why he should be elected. He has said much about the extravagance of the present administration, much about "freak legislation," but he hasn't mentioned the name of one "freak law" that he thinks should be repealed.

He has merely said: "My face and my personality is much more desirable than Johnson's. Elect me."

His only promise to the voters is that he will bring prosperity back to California. How he would do that he doesn't explain.

The real issues of the campaign are summed up by Governor Johnson as follows:

"With the exception of the falsehoods that up to the last moment will be published by the crooked press, the campaign is at an end. Otis and De Young, and their candidate, have made the issue plain. Fair warning has been given and no man of intelligence can doubt what is at stake.

"Shall the direct primary law of California be repealed?

"Shall direct legislation be abrogated?

"Shall the railroads regulate the state, or the state regulate the railroads?

"Shall civil service be abandoned?

"Shall we return to the conditions that existed for a quarter of a century before 1911?

"Shall the kind of government we've had for the past four years continue, or shall it perish from the state of California?

"In short, shall the dark days of political thralldom of Otis and Herrin and Spreckels and De Young return, or shall the political liberty of California be preserved?

"Tomorrow the people will answer in no uncertain tones."

VOTE FOR HENEY.

The working people of California should vote for Heney for a number of reasons. They should vote against Knowland for just as many reasons.

Francis J. Heney, candidate for United States senator, attended the public schools in California. While a young man he worked in a furniture establishment. At 33 he was attorney general of Arizona. The United States government called him eleven years later and made him special prosecutor in the Oregon land fraud cases. He succeeded in jailing a dishonest United States senator, a congressman and a United States attorney. Three years later, when he was 47, he got after the San Francisco grafters. He campaigned the state in 1911 for the initiative, referendum, recall and woman's suffrage.

That's a brief history of Heney. He came from the working people and has always been for them.

If Heney is defeated it is pretty certain that Congressman Knowland will be elected. Phelan has small chance of winning. A vote for him is a vote for Knowland. Vote for Heney.

Knowland is the millionaire heir of a banker. He comes from the wealthy class and thinks like a millionaire. He has had half a dozen terms in Congress and gained fame chiefly for his raids on the pork barrel and his ready willingness to jump when Joe Cannon snapped the whip.

Knowland is a confirmed reactionary. The labor-haters, the corporations, the exploiters, are out hot for Knowland.

Cast your ballot today for Heney. A vote for Phelan is a vote for Knowland.

Either Knowland or Heney will be elected. Send Heney to the Senate and defeat the enemy of labor, Knowland.

READ THIS CAREFULLY.

The supporters of Amendment No. 47 are requested to carefully read the wording of the measure before voting on it.

How many of those that favor it have read the following section of it?

"... declares majority vote in each municipality or district at THIS election upon prohibition amendment to article I of constitution, and at any statewide prohibition election hereafter,

makes same license or NON-LICENSE territory."

Now go back and read that over again.

Looks like a large, fat joker, doesn't it?

DON'T VOTE FOR THE "FENCE-STRADDLERS."

Iversen, Socialist candidate for the Assembly, is the only man of the three that dared to answer the questions of labor. He answered yes to all of them, putting himself squarely with the working people. The other two dodged. They were afraid to answer yes and they were afraid to answer no. They are trying to straddle the fence.

Elect a man who is one of the workers and not afraid to say so. Send Iversen to the Assembly.

The Standard Oil gently reminds its employees to vote against the eight-hour law, home rule in taxation and the one day of rest amendments. That ought to be a rather good reason for voting for them.

OUR ATTITUDE ON THE AMENDMENTS.

This is how the Daily News stands on the amendments. We believe that to vote as indicated below will best serve the interests of the great majority, the workers.

Many of the amendments are very long and the meaning of some by the lawyer folks. For that reason we have tried to explain the meaning of each measure as briefly as possible.

Look over this list carefully. We believe that we have voted right on them.

And when you mark your ballot on election day put a very black cross opposite the YES for the Eight Hour Law, Taxation Exemption and the Abolition of Poll Tax.

We believe the following candidates should be elected:

Hiram W. Johnson, Governor; John M. Eshleman, Lieutenant-governor; F. J. O'Brien, secretary of state; J. S. Chambers, controller; Friend M. Richardson, treasurer; U. S. Webb, attorney general; F. J. Heney, United States senator; Superior Judges, C. A. Clark and A. B. McKenzie; M. Iversen, member of the Assembly; Zeb Knott, supervisor.

1—Calling convention for Revision of Constitution. Would cost a great deal. We have introduced many new laws and it is best to wait before we start such a task. **Vote NO.**

2—Prohibition—The question is one that must be answered by the individual voter. The State Federation of Labor of California, in convention at Stockton, went on record as opposed to it. So did the State Building Trades Council. In the San Francisco Labor Council a two-hour losing fight was made to stand neutral on the question.

3—Eight-hour Law makes it a misdemeanor to work employees more than eight hours out of 24 or more than 48 hours in one week. **Vote YES.**

4—Redlight Abatement Law—Would do away with the segregated districts. Women's clubs are solid for the measure.

5—Investment Companies Act. Creates state corporation department with control over investment companies and investment brokers; prohibits issuance of securities before investigation. Sometimes called "Blue Sky" law, and is aimed at fake investment companies organized to fleece the gullible. **Vote YES.**

6—Water Commission act. Creates water commission for control of appropriation and use of waters....**Vote YES.**

7—Local Taxation Exemption. Gives counties or municipalities the right to exempt from taxation any class of property. Called "Home Rule in Taxation" which name explains it. Labor is strong for this amendment....**Vote YES.**

8—Exempting Vessels from Taxation. Desirable. Will enable ships to register in California instead of elsewhere. **Vote YES.**

9—Regulating Investment Companies—A joker "blue sky" law. Interests which oppose effective legislation on this subject are back of it. **Vote NO.**

10—Abolition of Poll Tax. The tax is unjust and has never been evenly administered. **Vote YES.**

11—University of California Building Act. University is growing and needs more room. **Vote YES.**

12—Constitutional Convention. Provides for non-partisan methods for nominating and electing delegates when constitutional convention is held. **Vote YES.**

13—Qualification of Voters at Bond Elections. This is the most vicious amendment of all. Would allow only property owners to vote at bond elections. **Vote NO.**

14—Voting by absent Electors. **Vote YES.**

15—Deposit of Public Moneys. Would permit public deposits of moneys to be used by private banks under bonds. Dangerous. **Vote NO.**

16—Condemnation for Public Purposes. Permits city to condemn for public purposes more land than is necessary, so that city can sell surplus land after improvements have been made and value has increased. **Vote YES.**

17—Exposition Contribution by Alameda County. Alameda is willing to contribute to Exposition. Only that county will vote for the bonds. **Vote YES.**

18—Non-Sale of Game. **Vote YES.**

19—Consolidation of City and County. Facilitates consolidation of city and county governments. **Vote YES.**

20—Prize Fights. Too drastic. **Vote NO.**

21—City and County Consolidation and Annexation with Consent of Annexed Territory. Relates only to cities having more than 175,000 population. **Vote YES.**

22—Land Title Law. Proponents say it would simplify present system of land title registration which is cumbersome. Opponents claim measure is faulty and would lead to confusion. **Vote NO.**

23—Elections by Plurality, Preferential Vote and Primary. Will enable more modern systems of voting to be adopted to suit local desires. **Vote YES.**

24—Assembly Pay Roll Expenses. Gives state assembly 20 more clerks. **Vote NO.**

25—Adoption and Amendment of Municipal Charters Simplifies existing constitutional provisions. **Vote YES.**

26—Legislative Control of Irrigation, Reclamation and Drainage Districts. **Vote YES.**

27—Slightly amends existing County Charter law. **Vote YES.**

28—Regulation of Public Utilities. Vests in railroad commission full power to fix rates of public utilities. Would be dangerous should commission come under control of corporation in future. Present law is adequate. **Vote NO.**

29—Incorporation of Municipalities. Enables cities to govern own affairs without specially enumerating same in charters. **Vote YES.**

30—Irrigation Districts Controlling International Water Systems. Applies only to Imperial County. **Vote YES.**

31—Valuation of Condemned Public Utilities by Railroad Commission. **Vote YES.**

32—Election of U. S. Senator. Eliminates law prohibiting governor to be candidate for U. S. Senator. **Vote YES.**

33—Public Utilities in Municipalities. Prevents municipalities to regulate rates of franchise public service corporations. **Vote NO.**

34—Taxation of Public Property Permits county or city to tax property situated within its limits and used by another county. Improvements on such property not to be taxed. **Vote YES.**

35—Sacramento State Building Bonds. New buildings are needed. **Vote YES.**

36—San Francisco State Building Act. **Vote YES.**

37—State Fair Grounds Bonds—Approved by S. F. Labor Council. **Vote YES.**

38—Los Angeles State Building Bonds. **Vote YES.**

39—Suspension of Prohibition amendment. Would postpone prohibition, if it should carry, from five days after the election to Feb. 15, 1915, and the exportation of manufacturers' wines, etc., to Jan. 1, 1916. **Vote YES.**

40—Extra Session of Courts of Appeal. **Vote NO.**

41—Miscarriage of Justice. Takes away in civil as well as in criminal cases the right to new trial for technical errors in procedure. **Vote YES.**

42—Place of Payment of Bonds and Interest makes them payable any place within or without of U. S. **Vote YES.**

43—Exempting Educational Institutions from Taxation. **Vote NO.**

44—Minimum Wage. Opposed by organized labor, especially the organized women. **Vote NO.**

45—One Day of Rest in Seven—Prohibits an employer from working an employee more than six days, or 48 hours a week.

46—Drugless Practice—Creates state board for drugless physicians, regulating examination and issuance of certificates and authorizes holders of them to treat ailments without use of drugs, to sign birth and death certificates and to use Doctor, Dr. or D. P. in connection with their names. Exempts from examination any person practicing any drugless system for six months prior to effective date of act.

47—Prohibition Elections. Would prevent prohibition elections for eight years. **Vote NO.**

48—San Francisco Harbor Improvement Act of 1913. Improvements will be paid out of receipts from harbor and will cost rest of state nothing. **Vote YES.**

WOMEN APPEAL TO THE VOTERS

The organized women wage earners of California appeal to the voters to cast their ballots against the so-called minimum wage amendment, Proposition No. 44 on the ballot, to which the entire labor movement, the San Francisco Chamber of Commerce and the San Francisco Center of the California Civic League are opposed.

LOCAL MAN IS WEDDED INS. F.

At a simple marriage ceremony held Saturday in San Francisco, Miss Ruby C. Mitchell, 466 Utah street, became the bride of Clyde Ribley, a Santa Fe machinist. The newlyweds are now on the way East to spend their honeymoon with relatives. They will return the latter part of the month and will make their home in this city.

HIGH SCHOOL NOTES BY SCOOP

BARR CHOSEN FOOTBALL CAPTAIN FOR NEXT YEAR

Ervin Barr, member of the class of 1916, and the aggressive and peppy look of this year's football fifteen, was yesterday elected captain of the team for the 1915 season. The action was taken at a meeting of the squad yesterday afternoon.

Retiring Captain Clarence Brown, '16, who won the hearts of the players in the past season, spoke following the election, thanking the fellows for the support they gave him, and exhorting them to go out even

stronger under Captain Barr next season.

Barr spoke briefly, thanking his teammates for the honor accorded him. Both were vigorously applauded.

In the past season, Barr was the whole pep and fight of the backfield. He led the dribbling rushes, bore the brunt of the lineouts, and was the entire game every minute. Altogether such an able player and such a popular fellow, Barr's season next year should be the best ever enjoyed by the football team of the local school.

LEONARD GERLACH BACK FROM LONG CRUISE TO ORIENT

Early Saturday afternoon the Golden Gate was looking awfully good to a certain Richmond boy, and a few hours later the Richmond hills were looking even better. Leonard Gerlach, spasmodic member of the class of '16, was the wistful one, who was just returning from a danger-fraught voyage to the Orient on board the British S. S. Masconoma, serving as the Marconi wireless operator.

The Masconoma is a British tanker carrying oil for the Standard Oil Company, and left here early in September bound for India. However, when nearing Calcutta a wireless was received warning them that a German cruiser was up the river above the city and was destroying the companies' tanks and sinking all British commercial vessels. The Masconoma turned about and hurried back to China, where the oil was discharged, and returned home.

He is not decided as to the future, but will probably be up to school today, so that we will have a chance to look over a hero of the war which is now disturbing the world.

WILLIAMS BACK AGAIN.

This afternoon, following school, a Shakesperian interpretation will be given by George B. Williams of New York. Once before he delighted the local student body with a sample recital, so that this afternoon's performance promises to be well attended. A nominal admission will be charged.

One of the enjoyable social events of the week will be the whist party to be given by the women of St. Mark's church Wednesday evening. The committee in charge has made careful preparation for the entertainment of the large number expected. The affair will be held in the church hall. Dainty refreshments will be served to the players and valuable prizes will be presented to the winners.

JOLLY PARTY AT DEVER'S

An enjoyable Halloween party was held at the home of Mr. and Mrs. Henry Dever at 553 Twelfth street on Saturday evening. Those present were: Mr. and Mrs. F. M. If it's a surface to be painted, enameled, stained, varnished, or finished in any way, there's an Acme Quality Kind to fit the purpose.

5 Strong Reasons for Fall Painting

1. The wood is thoroughly dry.
Summer's sun has removed all moisture.
2. Paint penetrates deeper into dry wood.
The deeper it goes the better it holds.
3. Fall weather is warm, dry and dependable.
Little danger of cold, damp, rainy days, which endanger the durability of the paint.
4. Wet weather decays and destroys unprotected surfaces.
Lack of paint means unsightly and less valuable property.
5. Fall painting keeps out winter moisture.

Toys Ninety Feet High at Panama-Pacific International Exposition, San Francisco, 1915

THE tallest toys in the world are being constructed for Toyland Growth Up, a twelve acre playground in the great fun section, "The Zone," at the Panama-Pacific International Exposition. The figure of the lady on the left is Miss Emmaline Imogene Equal Rights Pankhurst. The figure on the right is the "Tin Soldier." Both are ninety feet high.

FAIR FIRMS AT STOCKTON BENEFIT BY THEIR STAND

Organized labor has won in its fight against the M. M. & E. at Stockton. Statements gathered by the Stockton Labor News from business men who stood by organized labor show that these firms have weathered in good shape the period of industrial depression brought upon Stockton by the "open shop" declaration of the labor haters.

BRIEF DOINGS IN COUNCIL

The session of the city council last night was marked by the same lack of a "star chamber session" as a week ago, and practically all important measures were left over until the matters could be privately settled between the councilmen. The scheduled session last Wednesday was interfered with by the school board, who took their time from the regular matters.

FIRE CHIEF REPORTS UNFAVORABLY.

The fire chief reported unfavorably on several buildings and asked the building committee to look over the matter of removing them.

PROPOSE IMPROVEMENT OF MONTGOMERY AVE.

The improvement of Montgomery avenue from Rheem avenue to Twenty-third street was brought up, but the matter given one more week.

FIRE TRUCK NO. 2 TO HAVE NEW DRIVER.

Robert Dohrman was recommended by Fire Chief Le Moine to take the place of A. L. Parker. His report was accepted.

CHAPMAN MAKES SUGGESTION.

City Engineer Chapman recommended that 40 feet of Front avenue be graded into the Municipal highway, and that Front avenue be graded to the Santa Fe right of way.

PETITION COUNCIL TO REMOVE ROCK.

A petition was received from residents of Castro street, objecting to the rock pavement, and want pavement similar to that used on Main street. The matter was referred to the city engineer.

POLICE JUDGE MAKES REPORT FOR MONTH.

A report was received from the police judge giving a statement for the month of October, showing \$195 in fines taken in for the city and \$20 for the county.

Firms that were led into the fight against labor by the M. M. & E., but have since come out with the union card, in every instance reported increased business after taking their stand with labor.

CANDIDATE IS A UNION CARD MAN

George James, candidate for member of the State Board of Equalization, is a member in good standing of the 4324 Union Card Club, International Protective Association, which is affiliated with the San Francisco Labor Council.

CHIEF OF POLICE MAKES MONTHLY REPORT.

The report of Chief of Police Walker showed 70 complaints during the month, 81 arrests and 31 convictions. The sum of \$195 was collected as fines.

HALL SAYS NO DAMAGES DUE TO GRIFFINS.

City Attorney Hall reported that the city was not liable, in his opinion, for the fact that his gears were stripped on one of the city's streets.

WHOLESALE LIQUOR LICENSE IS GRANTED.

A wholesale liquor license was granted to Martin Callistine, following the issuance of a temporary permit issued last week.

PLANS AND SPECIFICATIONS FOR SEWER JOB POSTPONED.

Plans and specifications for the pumping plant in the canal subdivision came up for discussion, but action was deferred for a week.

CITY EMPLOYEES INSURED.

A policy insuring all of the city's employees, issued by the State Compensation Insurance Company, the premium of which was \$2606.23, was placed on file, after a remark or two about the hard luck of the councilmen who were not provided for under the policy.

FIRE HALL PLANS GO OVER.

The plans for erecting a new fire hall at Nineteenth and Barrett were brought up, but pending a "star chamber session" were laid upon the shelf for a week.

Editor Daily News:

I saw in the News some time ago that Labor was opposed to prohibition. Such is not the case. Perhaps some are, but I am glad that I belong to that vast army of working men that are not opposed to prohibition. I am in favor of it. When I think of the saloon and the great havoc it has wrought in homes and the lives of men and women, I always think of that great temperance orator, John B. Gough, who thrilled the nation with his eloquence a good many years ago.

I love my country and I love the old flag. If the time ever comes that I am needed I am ready to lay down my towel and go to the defense of my country, but I hate with an everlasting hatred the part of our system of government that will permit a man for a few dollars to debauch a man and rob him of his money and character and everything that is dear and start him reeling and staggering to a drunkard's hell. They have tried moral suasion and it has failed. They will have to fight it. I hope that every noble-hearted man and woman in California will vote for prohibition on November 3.

JOHN HUSTON.

Editor Daily News:

Dear Sir—I feel that it is a duty that I owe to the schools of the state to say a few words regarding proposed amendment No. 10. Should this amendment, abolishing the poll tax, carry it would be a very severe blow to the schools of the state. The revenue going to the state school fund from the poll tax amounts to about \$550,000 per year, which is just about one-seventh of the money given to the schools by the state. This is 85 per cent of all the poll tax collected, 15 per cent being allowed for collection. In all counties, such as Contra Costa county, where the county assessor is paid a salary, this 15 per cent, allowed for collection, goes to the county and the corporations collecting poll taxes and the assessor collecting poll taxes do not get any of it.

Whether the poll tax is a just or an unjust tax, this fact is evident that the proposed amendment proposes to abolish this source of revenue for the common schools, but provides no substitute and it will be a matter of about three years' time before another amendment can be adopted by the people providing a substitute. I feel certain that no citizen desires to deprive the common schools of one-seventh of their state revenue when the individual tax is not a very great burden, and will vote "No" on number 10.

Respectfully yours,

W. T. HELMS.

ORDINANCE LAID OVER.

The public hygiene ordinance, which regulates the building and inside construction of all stables in the city, came up last night, and for a time it looked that in spite of the lack of a star chamber session it might possibly get action.

But Councilman Follett came to the rescue, and it was promptly put back upon the shelf "for one more week."

THE MAN OF THE HOUR AT RICHMOND

"The Man of the Hour" played yesterday at the Richmond theater, and will be shown again today.

Both from the point of strong dramatic interest and for the photographic effects and stage settings, the play is one of the best that has been shown in the local playhouse.

The action centers around a Wall Street suicide, and embraces wild West life, the broil of politics, and a romantic love tale, in one of the strongest and most interesting plots filmed.

Especially noteworthy is the photography, which is exceptionally fine throughout.

'DISRAELI' COMES TO MACDONOUGH

Disraeli is one of the most picturesque figures in modern history, and in Mr. Parker's brilliant comedy, in which George Arliss is appearing at the Macdonough theater, Oakland, this week. It shows the great statesman's efforts to secure control of the Suez Canal for England, the intrigues that develop with the undertaking and through all a delightful love story with a glimpse of Disraeli's home life. The costumes of the period of the play—the early 70's in England—lend a charming atmosphere to the production, which is also accecently elaborate.

"The Whip," the greatest Dry Lane melodrama of English sporting life, will be seen at the Macdonough for one week beginning Sunday, November 15. This is an event of great theatrical importance, for never before has a production of such magnitude been seen on a local stage. The company numbers 100, and there are also numerous horses and dogs.

TEAM TO HOLD A GLAM BAKE

At the regular meeting of the Woodmen of the World last night two candidates, Messrs. Steel and Rex, were initiated into membership.

The drill team will hold a public clam bake Monday, November 23, in Moose Hall. On the first Monday in December a rally of the old guards will be held. All those who paid dues prior to 1904 are considered veterans and they will be specially welcome. All other Woodmen are also invited.

33 BUILDING PERMITS IN OCT.

The report of the city building inspector for the month of October showed a total of \$29,231 for buildings and additions in the city. There were 33 permits granted to cover this amount. Both the number of permits and the amount of the building work in the city has been smaller the past few months than in the time before the office of building inspector was created.

This month there were several large buildings which were planned for some time, which were commenced, notably the Slattery building, and the temporary school buildings. The amount of the fees collected by the building inspector totaled \$57.20, and by the plumbing inspector \$66.50.

NO PROSPERITY IN CANADA

Labor conditions in British Columbia are even worse this year than last, causing the Dominion government to put a strict embargo upon American laborers seeking to enter the province.

Industrial conditions are pretty bad in all the big cities of British Columbia. Austrians and Germans are forbidden to enter at all, and all American laboring men are excluded. This last is to prevent the recurrence of the labor trouble which they had there last year. The Hindu exclusion has also caused a more stringent immigration law in the province.

CROWD HEARS DRY ORATORS

C. A. Linn spoke at Ninth and Macdonald last night in favor of prohibition to a crowd of 300. Prior to the speech 150 children paraded up Macdonald carrying banners and prohibition mottoes.

Linn predicted a sweeping victory for the "drys" today and said that national prohibition would be a fact in the near future. He declared that many of the wine growers would vote for prohibition because they had been gouged by the liquor interests.

WILL CONFER SECOND DEGREE

Eclipse Lodge No. 403, Odd Fellows, met in Bank Hall last night and completed plans for visiting Light Lodge No. 119 next Wednesday evening. The latter lodge will confer the second degree on Eclipse candidates.

After the meeting last night coffee and tamales were served.

HENEY DECLARES VICTORY CERTAIN

Francis J. Heney, in a statement yesterday, said:

"I shall certainly win. The contest has been between Knowland and myself. Los Angeles county has more than double the registered voters of San Francisco county, and careful polls there show I beat Phelan three to one, and that I beat Knowland three to two. Outside of San Francisco Phelan is running a bad third. Nearly 40 per cent of the voters of this state are south of the Tehachapi. I shall unquestionably lead Knowland there by at least 25,000, and I am certain that I shall get more votes than Knowland north of the Tehachapi. The political arguments of my opponents have fallen flat. Big expenditures in billboards and electric signs do not convince."

Andrew J. Gallagher, John P. McLaughlin and John I. Nolan have issued a statement urging union men to vote for Heney.

A PAIR OF VERY ODD FARMERS

"Farmer" Frank B. McKewitt is president of the so-called "Farmers' Protective League," which is fighting two measures that are for the benefit of labor.

Those measures are No. 7, local taxation exemption, and No. 3, the eight-hour law. McKewitt is a "farmer" who owns 303 city lots in Sacramento, worth \$200,000, with only twelve lots improved, and the improvements worth only \$3800. That is the "farmer" who is fighting the eight-hour law and home rule in taxation. J. W. Gulbreason is president of the State Dairy Association. He is another real "farmer." In King and Tulare counties he owns 2915 acres of land, assessed \$31,640, with improvements assessed only \$2700; and in Corcoran he owns five vacant lots.

ELKIES WIN IN BEST GAME OF SEASON

Richmond Elks have "come back" into their own, and their former record of supremacy is once more better than tradition.

The defeats of the past month are forgotten now in the exhibition Sunday afternoon, when the Elks pounded various kinds of stuffing out of the Oakland Coast Leaguers to the tune of 5 to 2.

It was a great game. Not small town ball, but big league stuff, in which able players pitted their skill with might and main for the laurels of a victory worth while winning.

And Richmond's playing held the thousand odd sport fans tense with excitement, while some of the best ball served on the local diamond was handed out fast and furiously through nine innings of real baseball.

ELKS SUPPORT BURNS.

The work of Charley Burns was without question the feature of the game, although the fielding was marvelous, and apparently impossible balls held no terrors for the men at their stations, who were wide awake every minute of the time.

Charley Burns, with his famous slow ball, and with his old-time reliability, stood on the mound, and kept the Oaks down to 5 hits, against 11 allowed by the famed Ables of red shirt notoriety.

The Elks were back of Burns, too, and every man of them gave the best support that they had.

LOCAL HISTORY MADE.

The game was just one series of thrills after another, and time after time the impossible was accomplished after the manner only exhibited in real baseball games.

The names of Childs, Ingraham, Zamlock and Conger will go down in local baseball fielding fame, while the hitting of Bodie, Cunningham and Ingraham will be used as a model to the Elks for evermore.

The game started off well, and up to the third inning not a hit or run was scored on either side.

BURNS GETS FIRST RUN.

Burns of Richmond got the first hit in the third inning, making two bases. Cunningham doubled, a single by Bodie, and the hitting of the bags by Ingraham, started the excitement. Richmond got two runs in this inning, on a single of Remmer, who scored Cunningham and Bodie. Richmond fans went wild, and stayed that way up to the first half of the eighth inning, when the Oaks began to sit up and take notice.

The Oaks scored their first hit in the fourth, when Corhan got as far as first base. They tallied their first run in the fifth inning, when Ables took a base on balls, and scored on Menges' two-bagger.

FATE FROWNSON IMNOTA; DIES BEFORE GAME

REDMEN TAKE LAURELS FROM CALIFORNIA WINE ASSN. BOYS IN PITCHERS BATTLE SUNDAY

Following the custom of "turn about," the Redmen took a fall out of the Calwas to the tune of 6 to 1 on the Tenth street grounds Sunday afternoon.

The game was well played, despite the sloppy grounds, from the rain, and the number of errors while piled up, six on one side and seven on the losing side.

Bradley and offer were batteries for the victorious nine, against Pinkerton and Moss of the Calwa boys.

Especially a surprise was the pitching of Bradley, who outdid his past work by holding the opposing team to two hits, and making up for the work on the field caused by the muddy grounds.

SCORE TIED IN EIGHTH.

The score was tied in the eighth, when Zachar singled and scored on Corhan's two-bagger.

Then Richmond came back in a landslide.

The last half of the eighth was one of the most exciting periods through which Richmond fans have survived without ill effects.

Cunningham singled, and scored on Bodie's two-bagger. Ingraham singled, scoring Bodie, and Remmer singled, scoring Bodie.

The ninth inning was marked only with good playing, and a few spectacular plays in the field.

TWO ERRORS APIECE.

Both teams made two errors each. Those by Richmond were made by Childs and Cleek, both of which were excusable, had made up for in the rest of the game. Cleek had a bum finger, and before he warmed up he lost one chance. While Childs started off with an error, he got himself into shape at such a rapid pace that the local fans had nothing but praise for his work throughout the game.

If old Dame Rumor is not kidding, Tyler Christian has his eyes on about three of the local lads for his team next season, and Cleek, Ingraham and Cunningham are named as possibilities for the Coast League bench next year.

BURNS HIGHLY LAUDED.

The work of Charley Burns won more comment than that of any other player, and his old-time reliability did more to adding to his reputation than anything in many weeks. His month of vacation did him good, and after trying big league men to take his place, and all manner of spectacular players, it was decided that Burns, with his old slow ball, was the one to bet on every time.

BREEZY NOTES IN SPORTDOM

PETALUMA got licked, but it took Mickey Shader of the Seals, supported by a bunch of league men, to do it. The score stood something like 2-6-0 on the part of the winners, against 0-4-2 for the Chicks.

Benjamin F. Shibe, president of the Philadelphia American League team, is in San Francisco, where he will stay until the All-American League team leaves for the south.

"I don't intend to buy the Seals," he declared. "The Athletics are enough for me."

Speaking of his own team, he said: "Financially we have had the worst year since baseball reached its present importance."

When asked to say something about the asking of waivers on Plank, Bender and Coombs by Connie Mack, he said that the matter was entirely in the hands of Connie.

"He can fire the whole darned team if he wants," said Shibe.

J. Cal Ewing and Frank Ish are still the owners of the S. F. ball club franchise.

Since the poor showing Harry Wills, the big smoke that has been licking them all lately, made with Jim Cameron in San Francisco Friday, a number of wise ones declare that Bob McAllister has a good chance to lick him Wednesday.

C. A. Durfee has sold his well known Zulu Belle to J. J. Ryan, president of the S. F. Driving Club. The new owner will use the horse at Phoenix and plans to race her at the Exposition in 1915.

Benny Selig will referee the 20-round battle between Jimmy Clabby and George Chip at Daly City Friday evening. Jim Griffin, who was to referee the go, is dangerously sick with pneumonia.

Fight fans predict that the go will prove a real sure-enough for the world's middleweight championship.

The betting at a late hour last night was remaining at even money.

Indications are that the odds will switch in favor of Clabby.

SEALS NEXT?

Having proved the strength of the Elk lineup, Richmond is now prepared to meet all comers. No team looms mighty enough to frighten the local boys into a refusal to take a chance and play.

It is understood that a letter is in the mails offering a game between the Seals and the Elks, which will probably be accepted by the Elks management.

Rumor had it several days ago that a game with the San Francisco boys in the near future was possible, and although the letter has not yet been received, Manager Luce has heard reports that an offer was to be made.

Falling to get a game with the Seals, the Elks will buck up against the Ambrose Tailors of Oakland, who are a rapid bunch of crack semi-pro. players, and who will put up a good game.

NOTICE TO THE PUBLIC.

A report is being circulated that the saloon men of Richmond were opposed to the eight-hour law. This report is malicious and untrue, as our local lodge of the Royal Arch is not opposed to the eight-hour law.

Signed,
COMMITTEE OF THE ROYAL ARCH.

SAMHANDWICH IS VICTIM OF BALL BUGS

Imnota Samhandwich, famous baseball scribe, and last in lineage of a family of great sporting authorities, passed from this worldly existence Sunday afternoon.

The poor lad, despite his youth and enthusiasm, never recovered from the shock of falling down the dippy house hill, on top of which still looms his lonely padded cell.

He died while the umpire called "Play ball!"

But a single hour separated his life on earth from the greatest moment of his existence, the moment for which he yearned in his lucid moments and between his ravings in the insane ward.

FATE AND APPLE SAUCE.

But Fate, the all-wise, may have been in the right.

Hard as it may seem to be cut off from life, just when it held out its crowning glories, there may have been a deep discerning wisdom in the act.

Had he lived, seeing Richmond win would have probably been too much, and the great beyond would most likely have claimed him anyway.

Drugless Practice Act

No. 46 On the Ballot

Why You Should Vote Yes

ON THIS MEASURE:

1. To legalize the practice of drugless treatment and physical building, which is the best cure for human ills, and the only way to permanent health.
2. To raise the standard of education by making provision for examination and license of Drugless Physicians in the state of California by a board that shall be self-sustaining.
3. To break the monopoly of the drug system, giving all doctors the right to practice their profession, and every individual the right to employ the curative system of their choice.
4. It is endorsed by the Socialists and labor unions, and all who believe in freedom and a square deal should support and vote "Yes" for No. 46 on the ballot November 3, 1914.

SAMHANDWICH IS VICTIM OF BALL BUGS

street diamond. And all the while Imnota slumbered. His pulse grew faint. In time his looney mumbblings ceased; and at the hour of 2:15 p. m., just as the ump opened his mouth and let loose the signal to start the big battle, the last faint beat of his heart died away, and the last of the Samhandwich family passed out of this existence.

NEVER, NEVER NO MORE.

No more will the little scribe heed the call of King Baseball.

No more will he worry when the umpire chalks up another loss for the Richmond Elks.

No more will we have to spend hour after hour with him in a vain effort to convince him that the Elksies once in a while do play real ball.

He gave up his hold on life without ever seeing the Elksies win a game. He died before the home team could "come back."

After the game was over, the sporting fans gathered around the slab whereon Imnota lay and handed the laurels and bouquets which were missing in life, but customary tribute to the dead.

Tears splattered upon the cold, cold stone, and great was the grief on the day which should have been happiest for the home city sports.

TEARS BY THE PAILFUL.

"He was the best little scribe that was," said Neeley as he wept real tears over the lifeless corpse. "His faith in us was staunch, when all of the rest were doubtful with the cold feet. He cheered us when others taunted. He was a white chink, and in honor of his passing I will lay down my pen and ink. Never more will I write a line of sports."

The funeral will be quiet. We'll simply dig a little hole in the ground and lay him there. No relatives are left, and only friends will lay their posies over his mound.

But we will remember Imnota through the coming baseball seasons. He made a hit with us, and we felt sorry that he couldn't have seen the Elksies beat the Oaks.

MALLONEY'S TEAM TO STAY IN THE GAME FOR SEASON

Malloney's All Cubes team has come to the front to announce its second game.

The first game, two weeks ago with the Cheek Juniors, was a victory for Malloney's men, and the decision arrived at today to keep in business.

A game has been arranged to take place Sunday with the San Pablo Juniors.

Malloney and Zeimer will act as batteries for the new team, as in the past game.

Malloney was formerly connected with the Cubs, and later the Redmen, but not until he has secured a team of his own has he put the enthusiasm into baseball that he is now showing.

He has developed into a pitcher of some promise, and may come forward with a strong team next season.

ATHLETES START FUN BY FAILURE TO SHOW SUNDAY

Midwinter League circles are agog over the first eruption or wrangle in their apparently peaceful ranks since organization. The affair started Sunday afternoon, when the Point Athletes failed to show up to play a game scheduled with the Cheek Outlaws on the Point Richmond grounds.

Yesterday a petition was addressed to the Midwinter League managers, and to the Pointers, asking that the Outlaws be given credit for winning the game with a score of 9 to 0 because of the failure of the team to put in an appearance.

The Outlaws were on the Point grounds and ready for the game, according to their manager's statement, but after waiting a reasonable time, and the team failing to show, they adjourned to the big game on the First street diamond, where they encountered players from the ranks of the Athletes, and where both sat down and took in the pointers of professional ball.

INNER HARBOR DREDGING CONTRACT IS FORFEITED

The contract held by Just Anderson for the dredging of the Richmond Inner Harbor channel is to be forfeited, and new bids called next Monday night.

A protest communication by H. C. Lauritzen of the Richmond Navigation and Transportation Company was received by the council last night, with reference to cancelling the contract held by Captain Anderson of the Western Reclamation Co., which was let last August.

City Attorney Hall was instructed to confer with the bonding authorities who backed the work, and inform them that terms and conditions of the contract had been violated, and that the contract had already been broken. Hall was also instructed to prepare to re-advertise for bids for the work at next Monday evening's session of the council.

Lauritzen gave as his reason for the protest that the lines laid by Anderson obstructed his traffic in violation of the contract.

Lauritzen's communication mentioned that Anderson's company was financially unable to complete the contract, and asked the council to take steps to have the work started.

Several days ago labor and other claims were placed against the company in the local Justice Court to the amount of approximately \$270.

Although those who are handling the affair claim that a financial readjustment is possible, it was the opinion of the councilmen last night that the contract would be declared forfeited, and that the bonding company would not care to assume the work, as the figure bid, less than \$5000, was only named because the mud pumped by the dredgers could be used in reclaiming the land owned by the Ellis Landing people.

VOTE TODAY FOR A. B. M'KENZIE

A. B. McKenzie has made a good district attorney and is well fitted for the position of Superior Judge. He has stood by the people and has been fair to everybody.

He has made a clean, square campaign and has made a host of friends. He is a man of a large family and has been a resident of the county for years. He would make a sterling judge and should be elected. And every indication is that he will be elected today.

Vote for A. B. McKenzie.

WAS INJURED BY A HALLOWEEN GARB

While on her way to the Calvary Baptist church Sunday night, Mrs. Calvin McCullough, 233 Thirteenth street, tripped over a wire, presumably stretched across the sidewalk by small boys to celebrate Halloween, and sustained painful injuries from the fall. She was taken home by her husband and Dr. W. R. Scroggs was summoned.

The wire, which was strung across the sidewalk on Nevin avenue, near Tenth, was concealed in a shadow.

GLASS WORKERS INSTITUTE SICK BENEFIT LAWS

The United Glass Workers of San Francisco have instituted a sick benefit feature, by which its members are adequately cared for if accident or sickness should befall them. After over one and a half years' experimenting and investigation, say the officers, we find that it is possible to allow our members as good benefits as the most liberal fraternal organization at about half the cost. This is mainly due to cutting off the overhead expense, as this branch of the union is carried on by the regular officers, without any charge to the fund, thereby allowing the entire receipts to apply to benefits. During the experimental period various plans were tried with more or less success, until at the last meeting the committee in charge submitted their final proposition, which was accepted and is now in effect. It is hoped that in the near future a hospital feature will be added to the fund.

OWENS SMOKES NEW BRAND-- SHAVINGS

"Gimme a smoke."
 "Help yourself, I've only got the makins."
 "Fanny lookin' stuff."
 "Imported."
 (Rolling cigarettes, lighting, and just one good, strong, long whiff.)
 "Wow! Spittin' it, spittin' it sputter-r-r."

The above conversation took place in the city hall last night when Will Owens asked Pat Dean for a smoke, and Pat produced some fine pencil shavings in an envelope. Owens turned up his nose a bit at the color of the shaving, but was soon convinced that the "makins" were real. He discovered his mistake the first whiff, and amid the shouts of laughter from those who had gathered to witness the fun, left after throwing the shaving cigarette on the floor, and commenting unfavorably upon persons who would perpetrate a "mean" joke.
